

About AgilisTek

AgilisTEK is an 8(a) small business joint venture between Agilious LLC and REI Systems, Inc. As approved participants in the SBA Mentor-Protégé program, Agilious and REI Systems provide a wide range of IT solutions for federal customers. Our joint venture combines the agility of a small business with the support and longevity of a large business. AgilisTEK modernizes government IT to meet 21st century challenges by accelerating development and delivery using agile methodologies.
